Profile

I'm a Software Engineer with experience and extensive formation in software development and software design with strong skills on Microsoft Technology Stacks such as ASP.NET MVC, .NET Core, C# and SQL Server.

I think my best strengths are: determination, dedication, and responsibility. I'm always striving to bring 100% to the work that I do. Good communication and interpersonal skills. Good teamwork skills. I'm always available to help and learn. Critical thinking for problem-solving.
